

MolProbity Ramachandran analysis

1wnc.H.pdb, model 1

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.

all the (phi,psi) of all residues were fit to a normal (phi,psi) region.
